or removal is outstanding, entered and was thereafter found in the United States without the Attorney General of the United States, or his successor, the Secretary of Homeland Security, having expressly consented to his reapplication for admission into the United States.

In violation of Title 8 United States Code, Section(s) 1326(a).

I further state that I am an ICE Deportation Officer and that this complaint is based on the following facts:

On December 19, 2018, ICE Officers encountered Perez Martinez in Saratoga Springs, New York pursuant to a search warrant for fraudulent immigration documents at his residence. Perez Martinez was interviewed by ICE officers at his residence located at 69 Hamilton Street, Apt. 6, Saratoga Springs, NY 12866 to determine identity, alienage and removability. Perez Martinez stated to ICE officers that his name is Francisco Javier Perez Martinez, that he is a citizen of Mexico, that he is not a United States citizen, and that he is unlawfully present in the United States. Perez Martinez was subsequently arrested after he was determined to be present in the United States without admission or parole from an immigration officer. Perez Martinez was transported to the ICE office in Albany, NY where he had his fingerprints entered into the Department of Homeland Security's IDENT fingerprint database. Through the IDENT fingerprint comparison, it was determined that Perez Martinez was an alien previously removed from the United States to Mexico under alien number XXX XXX 610.

On August 17, 2016, Perez Martinez was arrested by the United States Customs Border Patrol near Columbus, New Mexico. Perez Martinez was issued a Notice and Order of Expedited Removal and was removed from the United States to Mexico on August 29, 2016 via ICE-Air.

A search of relevant immigration records indicates that Perez Martinez has not sought nor obtained the express permission of the Attorney General, or his successor, the Secretary of Homeland Security, to return to the United States following the removal.
